About

We strive to make this process simple and affordable, giving everyone the ability to network all in one place. Leveraging legal knowledge and technology, Ziga also provides efficiency. Our spot on guidance and reference tools are perfect for the startup community and those looking to grow their business. We aim to provide you everything you need to find a partner and take your business to the next level.

Key Features

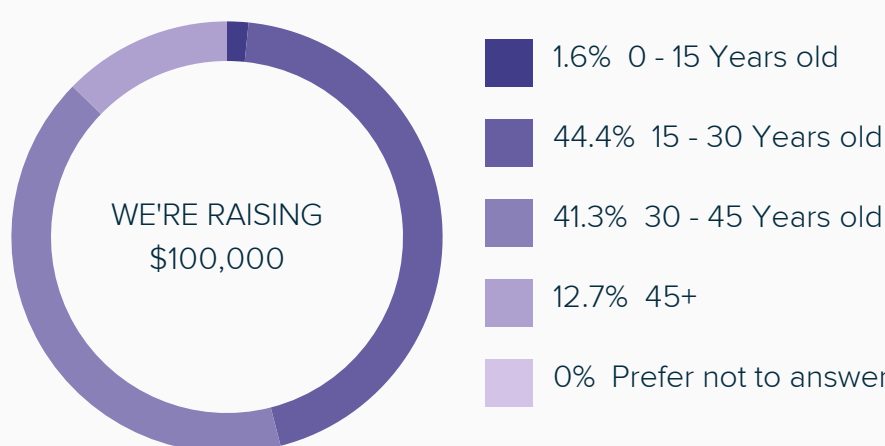

- Search in your area, or worldwide.
- Unlike Facebook, LinkedIn, etc. Ziga is not crowded with people that are not on a mission.
- No need to form an Entrepreneurship group.
- Everyone is in one place.

The Backstory

Ziga was started by an experienced entrepreneur that struggled for years looking for a business partner. Looking to solve his own problem, he soon noticed that there was no secret way to find a business partner. He knew something had to be done.
